Dear Ms. Katherine Santana Brickey,

This email is to inform you that Ms. Katherine Santana Brickey has been awarded \$ [REDACTED] Master's Winner of the NACADA Student Research Award. Congratulations on this achievement in a very competitive field!

Established in 1983, the NACADA Global Awards Program for Academic Advising honors individuals and institutions making significant impact on academic advising. NACADA is a representative and advocate of academic advising and those providing that service to higher education.

Our Association has grown to over 14,000 members around the globe. We host an Annual Conference, 10 Regional Conferences, an International Conference, and undertake intensive study of advising through various other events held throughout the year. NACADA publishes the NACADA Journal, Academic Advising Today and other special publications. NACADA offers online training, manages an Academic Advising Consultants and Speakers Service, offers members leadership opportunities in running the member-drive organization, funds research grants, and supports Advising Communities to address important issues. Most of all, NACADA provides a network and professional identity for the thousands of faculty, full-time advisors, and administrators whose responsibilities include academic advising.

Please accept our appreciation for your support of NACADA as we continue to promote the development of students through effective advising programs and personal attention. The impact of advising on student satisfaction and retention is well documented, and it is through efforts such as those of your institution that we are able to share new advances with others.

Please contact the NACADA Executive Office at (785)532-5717 or nawards@ksu.edu with any questions.
